

Ice Skating Season

The 2008-2009 ice skating season officially kicked off for the Figure Skating Club of Memphis on Sunday, October 5th. Veteran club skaters, along with several new skaters, enjoyed two hours of ice time at the DeSoto County Civic Center. Skaters were delighted to be back on the ice after several months of no ice. This was evident in the lack of "office" break time for the skaters. Ice time is even more at a premium this year with only 1-2 sessions available per month.

Several skaters spent their summer attending camps and seeking available ice. Patricia Bush, 16 years old of Somerville, traveled several times to Birmingham, AL for some intense training with her coach. Emily Weide, 15 years old of Germantown, returned to her former home of Colorado Springs, CO for a good chunk of her summer attending training sessions. MacKenzie Campbell, 10 years

Patricia Bush

old of Memphis, returned once again to Franklin, TN for a week long skating camp.

The club is always seeking new skaters and sponsors. If you are interested, please visit our website at: www.fscmemphis.org.
